

BEVELER ADAPTERS

CORDLESS PORTABLE PIPE BEVELERS

WHEN YOU NEED A SAFE WAY TO BEVEL PIPE IN THE FIELD

FEATURES

- ▶ Easily adapts to die grinder, temporarily turning it into a safe, plastic pipe beveler.
- ▶ Two router bits sizes available – choose the one that suits your work.
- ▶ Large knob to make bevel length adjustment.
- ▶ Bevel adapters for Bosch®, DeWalt® and Milwaukee® die grinders

FOR USE ON STATIONARY PIPE AND YARD PIPE

Portable pipe beveler uses cordless power source to deburr and bevel plastic pipe **quickly**.

Only tool in the industry that provides a quick, easy and **safe** way to bevel plastic pipe.

Adjustable beveler creates external bevel on 2" and larger diameter plastic pipe.

Ideal for **large diameter** plastic pipe, including stationary pipe.

WHY DO YOUR CUSTOMERS NEED THIS?

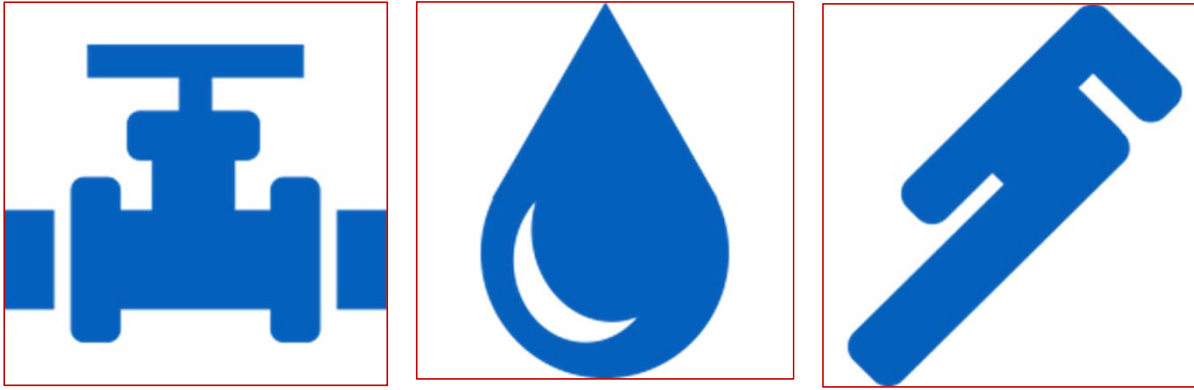

Jobsite safety is #1!

- You've seen the horror stories about chop saws. Don't risk operator safety.
- This tool has low clearance which allows it to work in the ditch, on the ground or on a pipe stand.

WHERE IS IT USED?

- Used in the water and wastewater industry by municipalities, utility contractors and mechanical contractors.
- Occasionally used by electrical contractors for electrical conduit installation.
- Used increasingly in industrial plastic piping applications.
